SUMMARY

Aspiring Web and Application Developer with experience in building responsive websites, management systems, and AI-powered applications. Skilled in full-stack web development, database management, UI/UX design, and automation. Passionate about creating efficient, user-friendly, and scalable systems using modern technologies and frameworks. Experienced in developing web and mobile applications with Laravel, Flutter, Dart, MySQL/PostgreSQL, and Supabase.

WORK EXPERIENCE

AI-Powered FAQ Chatbot (Capstone Project)

June 2025 - Dec 2025

- Developed a Python-based AI chatbot using natural language processing (NLP) frameworks to automatically answer common FAQs from students, parents, and school employees.
- Improved response accessibility and reduced manual query handling time through intent recognition and conversational logic.
- Integrated user-friendly interface for real-time school inquiries.

LCR (Local Civil Registry) Management System with AI Autofill

Jan 2026 - Apr 2026

- Built a full-stack system using Laravel (PHP), MySQL/PostgreSQL for secure data management of civil registry records.
- Implemented AI-driven autofill features (Python scripts/AI models) to auto-populate forms, reduce errors, and speed up data entry by suggesting/completing fields intelligently.
- Focused on user-friendly web interface, database optimization, and basic automation workflows.

EDUCATION

Bachelor of Science in Information Technology

Aug 2021 - June 2026

- Focused on web development, mobile app development, databases, programming, systems analysis, and artificial intelligence.
- Relevant coursework: Web Technologies, Database Management (MySQL/PostgreSQL), PHP/Laravel, Flutter, Dart, Python, and Mobile Application Development.
- Developed academic projects involving AI chatbots, management systems, and mobile applications.

ADDITIONAL INFORMATION

- **Technical Skills:** Laravel/PHP, Flutter, Dart, Supabase, MySQL/PostgreSQL, Python, HTML, CSS, JavaScript, Responsive Web Design, REST APIs, Database Management, UI/UX Design, Git/GitHub, AI Integration, Automation Scripts
- **Software & Tools:** Microsoft Excel, Microsoft Word, Microsoft PowerPoint, Google Workspace Tools, Canva, Figma, VS Code, Android Studio, GitHub, Basic Data Encoding & Documentation
- **Development Areas:** Web Development, Mobile App Development, System Development, Full-Stack Development, Database Design, Application UI/UX
- **Other:** Fast learner, adaptable to new technologies and software tools, problem-solving skills, teamwork and collaboration, time management, attention to detail, and ability to work in fast-paced environments.
